

**TABLE 1.** Summary of the results of the 1986-1987 survey of the distribution of *S. aureus* strains by source of origin and by phage type. The number of isolates from each source are given in parentheses. Isolates were typed as follows: 1 = phage type 1; 2 = phage type 2; 3 = phage type 3; 4 = phage type 4; 5 = phage type 5; 6 = phage type 6; 7 = phage type 7; 8 = phage type 8; 9 = phage type 9; 10 = phage type 10; 11 = phage type 11; 12 = phage type 12; 13 = phage type 13; 14 = phage type 14; 15 = phage type 15; 16 = phage type 16; 17 = phage type 17; 18 = phage type 18; 19 = phage type 19; 20 = phage type 20; 21 = phage type 21; 22 = phage type 22; 23 = phage type 23; 24 = phage type 24; 25 = phage type 25; 26 = phage type 26; 27 = phage type 27; 28 = phage type 28; 29 = phage type 29; 30 = phage type 30; 31 = phage type 31; 32 = phage type 32; 33 = phage type 33; 34 = phage type 34; 35 = phage type 35; 36 = phage type 36; 37 = phage type 37; 38 = phage type 38; 39 = phage type 39; 40 = phage type 40; 41 = phage type 41; 42 = phage type 42; 43 = phage type 43; 44 = phage type 44; 45 = phage type 45; 46 = phage type 46; 47 = phage type 47; 48 = phage type 48; 49 = phage type 49; 50 = phage type 50; 51 = phage type 51; 52 = phage type 52; 53 = phage type 53; 54 = phage type 54; 55 = phage type 55; 56 = phage type 56; 57 = phage type 57; 58 = phage type 58; 59 = phage type 59; 60 = phage type 60; 61 = phage type 61; 62 = phage type 62; 63 = phage type 63; 64 = phage type 64; 65 = phage type 65; 66 = phage type 66; 67 = phage type 67; 68 = phage type 68; 69 = phage type 69; 70 = phage type 70; 71 = phage type 71; 72 = phage type 72; 73 = phage type 73; 74 = phage type 74; 75 = phage type 75; 76 = phage type 76; 77 = phage type 77; 78 = phage type 78; 79 = phage type 79; 80 = phage type 80; 81 = phage type 81; 82 = phage type 82; 83 = phage type 83; 84 = phage type 84; 85 = phage type 85; 86 = phage type 86; 87 = phage type 87; 88 = phage type 88; 89 = phage type 89; 90 = phage type 90; 91 = phage type 91; 92 = phage type 92; 93 = phage type 93; 94 = phage type 94; 95 = phage type 95; 96 = phage type 96; 97 = phage type 97; 98 = phage type 98; 99 = phage type 99; 100 = phage type 100.
